Cannons Lasers Rockets CLR is a Free to play, cross-platform Online Space Shooter MMO Game, [PvP/Co-op arcade space Game].

Cannons Lasers Rockets [CLR], an online space shooter in which players choose from hundreds of spaceships to customize and team up to defeat other groups of players in fast-paced dogfights, Cannons Lasers Rockets' highly-competitive gameplay draws from MMOs and MOBAs alike to create a new space combat experience. The game will be playable cross-platform across PC, Mac and Linux at launch, with mobile releases planned for later dates.
