Gems of War is a Free-to-play Puzzle [match-3 puzzle] Role-Playing [RPG] hybrid Game, a genre as deep as RPGs are married with one as seemingly shallow like match-3 puzzle.

In Gems of War , you battle your foes not just with swords and sorcery, but with a puzzle board! Match gems to power your spells, and match skulls to smite your enemies! Then take the spoils of war, and forge a mighty empire. It's highly addictive, easy to learn, and filled with crazy combos and tons of depth. Each Kingdom has quirky new characters to meet, and plenty of quests and battles to keep you occupied. Even better, there's 15 Kingdoms full of fun (with more coming soon)!

Are you looking for a greater challenge? Maybe Player vs. Player (PvP) combat is your thing. Fight other players in each kingdom, become the champion, then defend your title against the ravaging hordes. You can even join a guild and fight alongside your friends!
