As a turn-based strategy RPG game, the combat of Dragon Heart proceeded by rounds; all characters including pets in combat will act in turns. In Dragon Heart, changeable combat scene and various array configurations of monsters will bring you different feelings in each combat. Besides that, player can choose standing position as well. Each position has its own additional BUFF, so how to arrange and alternate position is worthy to study. Of course, after you win the battle, you would get experience, gold or some items as trophy. In general, the trophy will be distributed to player automatically, while in the team combat mode, some item trophies would be allocated by rolling the dice. Magnificent combat cannot dispense with brilliant skills. In Dragon Heart, each class has normal skills and advanced skills. Player will be born with 2 to 3 normal skills and can learn more when reaching certain levels. After player reached level 30, he can learn more powerful and gorgeous advanced skills by using advanced skill pages. Normal skills can be dragged into shortcut bar; while advanced skills need to be
