Dogs of War Online [Steam] is a Free to Play [F2P], Turn Based Strategy [TBS] MMO Game based on the classic board game "Confrontation".

In Dogs of War Online, you can manage your own company of mercenaries, and face the other guilds in tactic and merciless battles, build your own company of mercenaries from the wide range of units available and challenge thousands of players in intense battles.

The world of Aarklash is at war, into the jaws of incessant conflicts between the forces of Light, Dark and Destiny. In each of these alliances, some free companies are forming and traveling across the continent in search of glory. Veterans with heavy past, greedy bandits and other disreputable guys group together in spite of their differences.

Based on the famous miniature board game "Confrontation", Dogs of War Online is a free, turn based, tactical game where you will build your own team of mercenaries and lead them to victory against other players or the AI. The whole game is truly available for free. Play to unlock 54 units with unique set of skills and abilities and 9 Champions to lead your armies. Progressively learn how to master the dozens of skills and abilities available and how to maximize the synergies between your units. Whether you choose to play with the mighty Wolfen warriors, the brave soldiers of Alahan or the undead of Acheron, remember that only your tactical skills can lead you to victory on the battlefield.
