Features:

- Free to Play - You can acquire every card in-game by buying booster packs using earned currency, as long as you can devote more time in the game. This is the good free to play, no "energy gates" or "exclusive to buying with real world cash" cards.

- Doma City, 3D Starting Zone – Players will be immersed in this 3D environment where they will be able to access main game features.

- Guilds – Form your guild, gather your friends and challenge other guilds to reach the top! Work as a team, wage guild wars, and unlock special guild cards.

- Tournaments – We are designing Draft, and Sealed tournament modes, where you can enter, defeat your opponents, and win special rewards!

{qtube vid:=14XNzkva-gc}

- "Duel" Mode – A hard core duel match mode, where players will be able to bet cards from their collections against other players in a "winner takes all" duel.

- "Multiplayer Co-op" Mode – We are designing a special game mode where you will fight against dreadful monsters and sinister characters in a co-op mode with groups of 2 or 4.

- Immersing 3D Effects – Majority of the cards in Forgotten Myths have a specially designed 3D effect associated with an action or an ability; this is the true evolution of Trading Card Games to Digital.

{qtube vid:=MI4sLwOBb1c}

- Simultaneous Gameplay – Each attack turn is taken at the same time allowing for constant interaction and positioning tactics.

- Remote Turn-Based Multiplayer – Play games with anyone in the world, from anywhere with internet access.

- Hardcore Strategy - Most digital trading card games have oversimplified and gone all mainstream with their game mechanics. We've done the opposite and increased strategic depth by including positioning, and allowing different card types on the field.

{qtube vid:=I_M8A8Lh3w}

- Comprehensive Ever Changing Single Player Campaign – We have in depth Single Player Campaigns, that will have new maps, AIs and new quests added to it frequently.

- Transformable Battlefields – The default 3D Battlefield can be changed by unlocking quest rewards that allows you to completely change or customize the table top battlefield.
