Blood Crown: Vampires vs Werewolves is a Browser Based (BB) Free to Play empire Builder MMO Game.

Vampires vs. Werewolves, Which faction will you choose? In mid 14th century, Europe lies devastated from the effects of the “Black Death” plague. Over 50% of Europe’s population vanished as if almost overnight. Meanwhile, the Vampires and Werewolves saw this as an opportunity to rise from the shadows of society and into the light of domination after living in secrecy among the humans for centuries. Now both factions are looking to dominate all of Europe, waging war over territories and conquering the shrinking Human population. Each hoping to enslave the Humans. Amidst the chaos, famine and despair, the Humans prepare to fight for their survival and to persevere through these dark ages. The time has come to choose your faction! Will you pledge your allegiance to the Vampires by enslaving the humans? Or will you help the Werewolves by forcing the extinction of the humans through extermination? Or will you defend the humans down to the very last breath with your cold steel sword? The conquest awaits!
