Aeria Games today released details about the back story for Golden Age, its upcoming exclusive Browser-based Real Time Strategy (RTS) title.

Plot your offense and defense with real-time map data.

Advance your armies across the map, conquering challengers at every step!

Train infantry, cavalry, soldier mages, archers, spies and more!

Choose from over 20 building styles to construct your impenetrable fortress!

Meet other players as you attend to your castle's daily affairs in the interactive RPG town!
