Warface is a free to play, Shooter online game for the PC using the famous CryEngine®3.

"Warface is an historical first for Crytek and a company milestone. Developed from scratch and designed especially for this innovative release format, Warface is a showcase for truly next-gen visuals and production values that have so far been witnessed only in full priced retail games. Warface is powered by CryENGINE®3, bringing you award-winning next-gen visuals that have been lauded as the best of their kind on any format. In the free-to-play arena they are without equal.

Extensive PVE: A constantly updated extensive PVE universe full of dramatic multiplayer Co-op missions.

Innovative PVP: A full set of class based PVP modes including proven classics and true innovations "[OFFICIAL SITE](#)"
